1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-3 and 12 - 54 are finally rejected under 35 U.S.C. 103(a) as being unpatentable over Apps, et. al. (874) in view of Kappel, et. al. and Exhibit 2 from D. W. Plastics.

It would have been obvious to one of ordinary skill in the art to have employed the integrally molded logo teaching of Kappel, et. al. in the peripheral logo shape as taught by Exhibit 2 from D. W. Plastics in the construction of the device of Apps, et. al. (874), motivated by the consumer exposure and durability of such construction. It would have been obvious to one of ordinary skill in the art to have had the logo define the interior and exterior surfaces of the lower wall portions of the above set forth device, motivated by the increased logo exposure to be achieved thereby. The employment of a lower contoured side structural edge would have been obvious to one of ordinary skill in the art, motivated by the logo shape to be communicated. Applicant's attention is directed to Webster's New World Dictionary regarding the definition of " contour " which states: " the outline of a figure, mass, land, etc. "

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

Art Unit: 3727

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
